

COLUMBIAN COINS.

Made an Issue in the Sunday Arguments.

The Federal Courts Will Now Have Their Say in the Matter.

But the Half Dollars are Out of Sight Already.

The Government's Only Remedy is in Equity—Emperor William Expected—Steel Mackay's Misfortune—Other Fair Notes.

By Telegraph to The Times.
CHICAGO, May 31.—[By the Associated Press.] A great crowd gathered today in the United States Court of Appeals to hear arguments on the application by the United States for an injunction restraining the management of the World's Fair from opening the gates on Sunday. Judges Woods, Jenkins and Grosscup sat on the bench. Chief Justice Fuller was prevented from attending by the illness of his daughter. The firm of Wanamaker & Brown, through an attorney, sought to intervene in the suit, but was ruled out. District Attorney Milchrist then began his argument in favor of compelling the closing of the gates on Sunday.

The arguments were continued until late in the afternoon. Attorney Milchrist, for the Government, read the bill, which was a lengthy one, and the provisions were discussed pro and con. Attorney Hand opened the argument after this. He maintained that the opposition in accepting the appropriation of the Sunday closing clause had entered into a contract of which Sunday opening was a direct violation. Circuit Judge Jenkins asked if the Government had no remedy at law, to which the attorney replied that it might sue for the money, but stood a small chance of recovering as the souvenir coins had been distributed. Judge Jenkins again asked if the law was not adequate to protect the Government. Hand insisted that the money was in the nature of a gift, and the authorities agree where donations are made the remedy is equity. Attorney St. Clair made a long speech in behalf of the opposition, bristling with technicalities. He claimed the Government could not bring suit for a specific performance, because it has a remedy at law. Arguments will be resumed tomorrow.

A CALIFORNIA IDEA.

Proposition to Have a World's Fair of Its Own.

CHICAGO, May 31.—[By the Associated Press.] California comes forward with a proposition to supplement the great Columbian Exposition with a commercial world's fair of its own. The proposition comes from M. H. de Young of San Francisco, vice-president of the National Commission. The California exposition is to follow the closing of the Chicago enterprise, and will consist of a collection of the best exhibits on display at Jackson Park.

Doctors Still Discussing.

CHICAGO, May 31.—The homeopathic and eclectic doctors continued their sessions today, discussing a number of interesting papers. The Medico-Climatology Congress also continued its labors, considering many technical treatises.

It Was Too Expensive.

CHICAGO, May 31.—Steel Mackay's "Spectatorium," a huge theatrical enterprise, now partly finished and joining the World's Fair, went into the hands of a receiver this morning on application of Mackay. The concern owes \$16,000, and has visible assets of \$50,000.

Fair Notes.

CHICAGO, May 31.—The day opened beautifully with bright sunshine and mild temperature, and was well suited to viewing the World's Fair. The feature of the day, outside of the regular show, was the performance in callisthenics and athletics by 1000 trained children, mostly German. They were taught under direction of the Turner-bund.

The report of the Bureau of Admissions this evening shows that there were 178,474 admissions at the fair gates yesterday (Decoration day.) Of these 139,974 were paid. Today the attendance will probably be about fifty thousand.

HER WERMUTH, imperial German commissioner, in referring to a report in the morning dispatches that Emperor William had finally decided to come to the fair, said that he had no official advice to that effect, but would not be surprised if it came to pass, as the Emperor is a great traveler and has taken a deep interest in the fair.

The Kentucky Editorial Association took possession of the Kentucky State building today, held its annual meeting, and spent the remainder of the day viewing parts of the fair.

GOV. FLOWER of New York and a party of friends will be here tomorrow.

SEVERAL KILLED.

A Collision Between a Motor and a Freight Train.

CORNELL BLUFFS (Iowa), May 31.—[By the Associated Press.] A frightful collision occurred here today between an electric motor and a freight train on the Burlington road. The freight backed into a car at a curve and smashed it to pieces. The scene presented at the wreck was fearful. M. E. F. Holmes, one of the passengers on the motor, was instantly killed, his body being crushed and mangled beyond recognition. Miss Maude Bryant, E. C. Bixby and William Heyman were probably fatally injured, sustaining severe internal injuries, besides broken limbs. Motormen Powers and Conductor George Burke were painfully hurt. These two men are to blame for the accident, as they failed to stop at the crossing and look to see if the track was clear. It is thought they will be prosecuted.

Penitentiary Friends.

MINNEAPOLIS, May 31.—The Journal prints a sensational article concerning pension frauds in Northern Iowa and Southern Minnesota, as the result of the work of a special examiner. G. V. Van Leuven, pension attorney at Lime Springs, Iowa, and Dr. George Kessel, Mayor of Cresco, Iowa, were arrested and gave bonds.

THE JOURNAL.—It is charged that the witnesses to pension papers were forged not only in the case for which they were arrested, but for similar frauds which have been perpetrated on a big scale for a year past.

PACIFIC MAIL.

C. P. Huntington succeeds George Gould as President.

NEW YORK, May 31.—The report of operations of the Pacific Mail Company for the year ended April 30, 1893, shows that the total earnings have been \$4,118,473.93; total expenses, \$4,175,214.61, leaving a net loss of \$51,740.68. In a letter accompanying the report, President Gould says the unfavorable showing is due in the first place to the quarantine at Panama during the cholera scare last autumn, and since the termination, on February 1, last, of the contract between the Pacific Mail and the Panama Railroad Company, the company has been shut off almost entirely from any participation in the business between New York and American ports on the Pacific. This, of course, reduced earnings very heavily, while a reduction in expenses will only begin to show from the present time. Operations of the company's fleet could not be reduced immediately. Gould, in closing, reiterates his determination of resigning the presidency, owing to the demands on his time from other corporations. The board of directors will meet Friday and organize by the election of C. P. Huntington as president in place of George Gould.

THE INFANTA.

She Pays a Visit to the New York Normal College.

The Princess Also Reviews the Annual Parade of the Metropolitan Police—An Incident with a Camera Friend.

By Telegraph to The Times.

NEW YORK, May 31.—[By the Associated Press.] The Infanta Eulalia this morning, after having entertained a party of Spanish friends, at 12 o'clock took breakfast, went to the Normal College, and was given an opportunity to see what New York's best public school is like. Nineteen hundred young ladies were through various exercises, and Chairman Guggenheimer formally welcomed the Infanta and her escort. Miss Bertha de Verona, speaking in Spanish, welcomed the Infanta to the school. The Infanta, replying said, "Well, young lady, I am quite fond of you, and the way you have received me, I appreciate it very much, and can only say I wish I were sitting on benches with you girls."

Then there were recitations in Spanish and French, and the royal visitors were shown to the gymnasium, where calisthenic exercises were given by 120 young ladies. Afterward the party drove directly down to Madison Square Garden, where she reviewed the annual parade of the New York police, about 2500 being in line. Just as the first of the police approached, a young woman with a camera stepped out in front of the grand stand and pointed her box at the Princess. The nearest policeman started on a run to remove the young woman. The crowd cheered, and the Princess leaned forward smiling encouragingly at the interested camera. The police did not arrive until the young woman had pressed the button, and smiling triumphantly at the Princess, she disappeared in the crowd. The Princess stood, bowed and smiled as after file of police passed, with Superintendent Byrnes at the head. The Prince also stood and removed his hat as each head of a division passed. The Princess and suite dined at the hotel, and in the evening went to the theater.

JOCKEY CLUB.

The Opening Day at New York an Ideal One.

MORRIS PARK, May 31.—[By the Associated Press.] The opening day of the New York Jockey Club meeting proved an ideal one. The weather was beautiful and the track in good shape. Fully twenty-five thousand people were present when the Metropolitan Handicap, the feature of the day was run by a sad accident in the handicap. Just as the horses were making the first turn to begin the ascent of the hill, Arturo, one of the horses sent to this country by Col. North, the nitrate king, stumbled and fell, breaking his neck and badly injuring his jockey, Edwards, an English boy. The Pepper, one of Marcus Lader's representatives in the race, and Lillard's La Tosca were quickly and as choice before the race, but so heavy was the play on nearly every entry that 4 and 5 against could not always be obtained. The start was fairly good one. Pickicker was in front, Pessara second, La Tosca third, Arturo fourth, with the others in a bunch a length behind. Where the ascent of the hill began, St. Florian, His Highness and others began moving up, and more or less crowding occurred. Suddenly Arturo was seen to fall, and the horses in the rear apparently galloped over the prostrate horse and rider, causing a cry of horror to issue from the spectators. When attention returned to the racers it was seen that Pickicker was still in front, setting a merry pace up the hill, with St. Florian, Pessara, His Highness and Charade nearest to him in the order named. Turning into the stretch, Charade began to move up fast next to the rail and, opposite the free field, was clear and running in such easy style that he passed Lillard's La Tosca. The Pepper and La Tosca had dropped back into the rear, but His Highness beat Illume half a length for place. Iddeleigh, finished fourth, having come in fast in the last furlong. Then followed La Tosca, Pessara, Pickpocket, Fidelio, Steve Estes, Monowai, The Pepper, Pickpocket, St. Florian, Loantaka and Terrier in the order named. The race was about \$20,000 to the winner, the award will be, if it leaves the principles of international law untouched.

ATTY. GEN. RICHARD WEBSTER followed Sir Charles, substantially going over the latter's arguments.

BANCROFT'S ANTIQUITIES.

NEW YORK, May 31.—A Washington special says: "It is understood by persons here who have been keeping up the matter that a valuable library of manuscripts and other historical antiquities collected by Hubert H. Bancroft in preparing his Pacific Coast histories, have been sold to the University of Chicago for \$80,000."

SAVED FROM LYING-IN.

AN OFFICER'S SACRAGTY LENGTHENS AN EX-CONVICT'S LIFE.

SANTA ROSA, May 31.—[By the Associated Press.] Deputy Sheriff Murphy landed Winfield Basham, an ex-convict, in jail here about 1 o'clock this morning, and only the prompt, active and sagacious action of that officer prevented the citizens of Guerneville from lynching Basham. Basham had been working at Guerneville some time. Monday afternoon he made an attempt to criminally assault a little seven-year-old girl of that place. The girl's screams attracted help, and Basham took refuge under the bed. When the attempt was made to take him out he rushed after his pursuer with a big knife, and in the excitement escaped out of a back window.

Deputy Sheriff Murphy heard of the terrible Tuesday night at once, started after Basham with his revolver, and shot him off and at the point of a rifle, compelled him to surrender. Then, when Murphy arrived at Guerneville, on the way here, he learned that

FURIOUS WINDS.

Three Southern States Visited by a Cyclone.

A Terrible Storm, Accompanied by Lightning, Plays Havoc in Many Prosperous Towns—Several Lives Lost.

By Telegraph to The Times.

NASHVILLE (Ark.), May 31.—[By the Associated Press.] The wind was very destructive over this county today, fences, barns, trees and crops of all kinds being destroyed. A negro's cabin was blown down on the edge of town with a family of four in it, but they escaped without fatal injury.

Lightning struck the house of Joseph Stuart, fatally injuring one of his daughters. At Center Point a number of business houses and the Baptist Church were blown down and a negro killed in church. The Arkansas and Louisiana Railroad sustained injuries from water. The bridge at Mine Creek was destroyed. Fronts were torn from the store building of Ainsley Bros., Cannon & Owens and James A. Thigues, and the mill and factory of Mrs. Thigues wrecked. News from the country north of here, where the storm is supposed to have done the most serious damage, has not yet been received at this hour.

PADUCAH (Ky.), May 31.—A severe windstorm struck Paducah this morning. Trees were blown down and many people fled from their houses and sought refuge in the Government building. About fifty business houses and dwellings were partly unroofed. A number of boats were taken from their moorings and blown into the stream, and some sank, while others were badly damaged. At Smithland the courthouse, seven churches and one house were unroofed.

ROSEDALE (Miss.), May 31.—A cyclone struck this town at 4 o'clock, and the roar of the wind drowned the cries of the wounded. The scene was awful in its grandeur and beggars description.

The killed were: W. L. Bowles and wife, Mrs. Capt. Miller, John Winters, A. V. Foote, Lucas Veal, Lina Robinson. Twenty houses were either

THE VINCENTS.

The Torturers of Robert Marks Undergo Examination.

SAN DIEGO, May 31.—[By the Associated Press.] Strong feeling against the fiend Vincent, of Coronado, who so cruelly tortured Robert Marks last Friday, was manifested before last night in a deplorable way by unknown parties who entered Vincent's house and broke up everything they could lay their hands on. Much valuable property was destroyed. Today Vincent's preliminary examination was held before Justice Ensign, who held him in \$1000 for assault with deadly weapon. No evidence was brought out to show that actual murder was contemplated. Separate examinations were asked for by Mrs. Vincent, Mrs. Averbeck and Miss Georgiana Depassan, who aided Vincent in his torturing of Marks on Friday. Mrs. Vincent's examination is now in progress, and will probably be concluded tomorrow.

MAGNATES MEET.

Baseball Managers in San Francisco in Session Conclave.

SAN FRANCISCO, May 31.—[By the Associated Press.] The executive meeting of the directors of the California Baseball League was held here today. Managers Harris, Lindley, Gieschen and Moore and President J. J. Moriarty being present. The resignations of Messrs. Robinson and Finn were accepted, and Messrs. Gieschen and Moore appointed to fill the vacancies. Manager Harris proposed that a bond of \$15,000 be given by the management of each club to insure the league against any team failing to last the season out.

The proposition precipitated a spirited discussion, the probable futility of any such measure being strongly urged.

Other propositions to insure the financial responsibility of the various members of the league were advanced, but none were entirely satisfactory, and the matter was finally laid over to the next meeting. The question of charging ladies an admission fee was taken up, and a variety of opinions as to the advisability of continuing the charge was developed. Manager Lindley proposed to charge ladies \$1.

The directors laid the matter over without decision. It was shown that the condition of the league was excellent, and the receipts for baseball were considered very good. In Stockton alone it was reported the attendance at the recent Los Angeles games was 100 per cent better than formerly. Another meeting will be held next Monday.

HURT HIMSELF.

Stockton's Catcher Didn't Know It Was Loaded.

STOCKTON, May 31.—[By the Associated Press.] "Pop" Sweet, catcher of the Stockton baseball nine, was hurt today while out hunting with Whitehead. Sweet borrowed a gun from a rancher, and it exploded in his hand, cutting out a small piece of flesh inside his left hand. He will be all right in two weeks, he says.

AMUSEMENTS TONIGHT.

PARK THEATER—Buffalo Bill.

A CHICAGO paper is authority for the
statement that California is arranging
a display in its State building that no
visitor will be able to inspect thor-
oughly in less than 49 hours.FOURTH ASSISTANT POSTMASTER-GEN-
ERAL MAXWELL replaced a Missourifourth-class postmaster named Red Eye
with one called Lightfoot, and thereby
seemingly dealt a blow at the Colonels,
who never replace "red eye" with any-
thing else.The Chicago Tribune says it is the
unanimous judgment of the American
Newspaper Publishers' Association that
Chicago is doing its duty nobly in en-
tertaining World's Fair visitors, and is
not robbing, sand-bagging or otherwise
maltreating them.The decision of the Superior Court
yesterday that a nurseryman who sells
trees that are not of the variety repre-
sented is responsible to the purchaser
for damages is one which will appeal to
all as eminently just. There ought to
be something more than the mere
money involved put upon the tricky
nurseryman for a penalty, for the
grower, in ascertaining that he has
been swindled, has wasted three or
four years of valuable time.

In making liquified air a fifty-horse power engine is employed, and pumps to compress the air down to two tons on the square inch. The liquid is preserved in glass flasks, surrounded by one, and sometimes two, vacuum jacks, which give a complete isolation, and the outer surface of the inner bottle is coated with a mirror-like film of mercury. Thus any substance in the bottle is prevented from absorbing or passing heat. The vacuum jacket if applied to steam cylinders would yield great results. Fluid oxygen and fluid nitrogen were mixed in atmospheric proportions by the professor in sight of his audience, and paper was burned by rays which passed through 200° of frost in a bulb.

IN SOCIAL SPHERES.

On the 25th inst. Myrtle M. the daughter of W. N. Monroe, founder of the flourishing suburb Monrovia, was married at Zacaetecas, Mexico, to B. C. Bailey, division superintendent of the Mexican National Railroad. Miss Myrtle was a former belle of the town which bears her father's name, and has many friends there and in this city who will be pleased to hear of her happy nuptials. Mr. and Mrs. Bailey will make their home in the sister republic.

A PLEASANT EVENT.

A pleasant event occurred at the public library yesterday afternoon. The young ladies employed there presented the retiring second assistant librarian, Miss Lena B. Fenner, with a beautiful gold watch and chain. Miss Stella Haines, in behalf of the others tendered the gift to Miss Fenner with appropriate expressions of good will, in which the brightness of futures was wished for the recipient after the culmination of a certain event. The occurrence in question is the marriage of Miss Fenner to E. T. Ives of Detroit, Mich., which is to be on the 14th inst. The prospective bride was evidently much pleased, and thanked her associates for their kindness. Miss Fenner has been employed in the library for the past four years, and has been engaged in the book-keeping and cataloguing department.

EPWORTH LEAGUE SOCIAL.

The entertainment department of the Epworth League of the First Methodist Episcopal Church gave a social in the church parlors last evening, with a large attendance and pleasing programme.

Russell Wenn proposes a solution for the labor problem in the South by introducing Hindoo and Mohammedan serfs from India. In their own country they work for only a few cents a day and can live on almost nothing. But they exemplify the Indian's proposition of poor pay and poor preach. It takes three of them to do the work of an able-bodied Englishman. The South will make a serious blunder if it introduces this servile labor. California has tried a similar experiment with the Chinese, and, long ago, she wished that she hadn't. The serfs of India are no more fit to make American citizens of than are the lower orders of Chinese. The attempt to introduce a poorly-paid servile class into America is against every principle of our institutions, and can only result in great harm in the long run. The Republic can only be made strong by elevating the standard of labor, and this must come through good pay and the encouragement of self-respect and intelligence.

PERSONAL MENTION.

Mrs. Charles L. Wight of Mahokona, H. I., who has been visiting Mrs. William Niles of Washington street, has left for Chicago.

Miss Josephine Williams has been spending a few days in Pasadena, where she went to take part in the war song concert and the G. A. R. memorial services at the tabernacle.

Mrs. Dupuy and Miss Dupuy have returned to Los Angeles, having spent the winter visiting friends in Kentucky.

William Wallace McClellan, president of the Board of Education of the city of Albuquerque, N. M., with his family, is stopping at the Bellevue Terrace, in California hotel.

SIMPLICITY WHICH IS DIFFICULT.

[From Our Regular New York Fashion Correspondent.]

Simple as the dress of today looks in some of its many forms, it is not easy to make at home. The shoulder effects that look so uncalculated and informal are really very hard to accomplish.

It is all very well to fit them on some one, but calculation is almost impossible directly the thing is off and in course of construction. The flare must come exactly on one shoulder at just the place it appears on the other. That means a great deal more than you might think.

It is the same way with shoulder puffs; they are not just bags with a drawstring at the top and bottom. To be

sure, they may look so when they are finished, and that may be what you

In dropping out Duke Finn and taking in Johnnie Moore the second move has been made to break up the old California League triumvirate. In Mr. Moore's place has been held a new one, consisting of Johnnie Moore, a fine gentleman, a good financier and a man who, on account of past unsatisfactory business deals with the Haight street Park Association, is only too willing to join in any fight I may wish to make against them. On account of Stockton failing to have their men on the field, Saturday's game, under the management of Moore, was lost on account of my men not being able to hit Harper, while the Stockton men had no trouble in hitting the ball.

The score was very one-sided, but still our boys made but few errors.

The score was very one-sided, but still our boys made but few errors.

As to Sontag and Evans, the question of pardons is for the projectors to sell the concession for an advance to parties in San Francisco, with whom it is understood negotiations are pending. The promoters, when confronted with the letter received from Manager A. L. Lindley last evening, is significant, and will be the subject of general talk among the "fans" today. The letter is dated Stockton, May 29, and is as follows:

Since I left Los Angeles with my team, on the 25th inst., I have been very busy, and have had some lively times, and, as the Los Angeles public knows, the California League has been very well received.

In writing you now it is to inform you that this is not the last shaking it will have either, but simply a preliminary jolt, which, if it is not much mistaken, will be followed by a violent earthquake, the effects of which will be the same as before mentioned, to be reduced to a conglomerated mass, and among the debris will be found fragments of anti-Confederate Colonels, Dukes, Uncles, plug hats, red shirts, blue and yellow uniforms, baseball men, from the citrus belt. But out of this chaos some new men will bob up on top to have a say in California League matters, and, if all signs do not fail; Los Angeles will have some of the favorite baseball players, where, as it is now, they all go to Florida.

RAILROAD AFFAIRS.

A Fast Train Service on the Southern Pacific.

To Experiment With a Mile a Minute Speed.

The Squabble Continues Over World's Fair Passenger Rates.

A Santa Fe Line Temporarily Blocked by a Landslide—Passes for State Officers—Local Notes—Scrap Heap.

The Chicago Tribune of the 27th says: "Although it has been well demonstrated during the last two or three weeks that the people will not come to the fair unless material reductions are made in passenger rates, yet the majority of the roads, and especially the Chicago terminal lines, continue to use every means at their command to keep up the existing high rates. It is almost incomprehensible that roads like the Burlington, Rock Island, Alton, Milwaukee and St. Paul, and Illinois Central should persist in their efforts to keep up exorbitant and prohibitive rates, while roads like the Southern Pacific, Union Pacific and Missouri Pacific, that have little interest in Chicago, should champion low rates. The latter roads know the feeling that exists among the people in their sections of the country, and for that reason they favor the establishment of low rates that will induce people to come to the fair. The Chicago roads seem to have an idea that people are bound to come to the fair no matter what the rates are."

A LANDSLIDE.

One line of the Southern California Railroad was completely blocked during yesterday by a landslide which occurred in Santa Ana Cañon, near the station of Olive. About 8 o'clock Tuesday evening one of the high banks of earth, weakened by a seepage of water, fell upon the railroad track, covering it with a mass of earth 300 feet long and eight feet thick. A force of workmen labored all night and all of yesterday and succeeded in clearing the track to permit the passage of trains at 7 o'clock last evening.

PAST TIME ON THE SOUTHERN PACIFIC.

SAN FRANCISCO, May 31.—[By the Associated Press.] A mile a minute for regular passenger trains is to be made as a summer experiment by the Southern Pacific Company, beginning next Sunday at 2 p.m. The railway company will inaugurate new fast service between this city and Del Monte, a distance of 125 miles, and the entire run is to be made at an average rate of forty-three miles per hour. Five stops only will be made, and the actual running time will be two hours and fifty-five minutes. The schedule calls for slow time leaving San Francisco, but at certain places a speed of over than a mile a minute will be attained. From Peñola to Gilroy, eight miles, the run will be made in seven minutes. From Montrose to Tennenants, three miles, in three minutes. From Castroville to Del Monte, ten miles, in ten minutes. The longest continuous runs at high speed, without stop, will be between San José and Gilroy, thirty miles, at a rate of a mile every minute and thirty seconds, and from Menlo Park to San José, eighteen miles, at a rate of a mile every minute and twenty seconds. The train will consist of a locomotive, baggage car, express car and three passenger coaches.

SCRAP HEAP.

Jay W. Adams, of the Chicago and Alton, has returned from a visit to Portland.

The Phillips-Rock Island excursion to the East Tuesday had seventy-one passengers.

General Manager K. H. Wade, of the Southern California road, is in San Francisco on a business trip.

President Sutherland, of the proposed Hudson Bay Railroad, says he has raised sufficient capital to warrant him in beginning the construction of the road.

The Chicago Herald says that the Gordian knot was an a, b, c of mystery compared with the outcome of the Western passenger rate troubles. It is as utterly impossible to foretell the result as for some passenger men to stop manipulating rates.

The Las Vegas Optic says: "Conductor T. B. Whiteside and wife of Redondo, Cal., spent Sunday with friends in the country near Emporia, Kan., leaving for Chicago and their old home in Peoria, Ill. They are former residents of Emporia. He was an Atchison conductor and is now running as a conductor on the Atchison terminal, from Los Angeles to Redondo."

The last act of the Michigan Legislature, before adjourning last week, was the passage of the Compensation and Transportation Bill, which requires all railroads in the State to furnish free transportation to State officers, judges of the Supreme Court and members of the Legislature, when a certificate of the Secretary of State, showing that such persons hold such positions, is presented.

POLICE BUSINESS.

Regular Meeting of the Commissioners—Routine Matters.

The Board of Police Commissioners met yesterday morning with all of the members present except Mr. Bosbyshell.

Sergeant Morton of the night watch reported in reference to the communication from residents on Commercial street complaining of Mrs. Coca's house on that thoroughfare. He stated that if the woman in question had company come in for the evening, and if they were to sing, dance or talk loudly, then the man who makes the complaint would go out and throw rocks on the house, thus provoking a quarrel. He further stated that he found nothing disreputable about the house. Filed.

The petition of Arnold Corder for a transfer of saloon at the northwest corner of Sixth and Olive streets from A. Rothweiler to himself was, on a favorable report, granted.

The petition of Arbrick & Coan for the transfer of the license at Nos. 141 and 143 South Los Angeles street from John S. Richter was referred to the Chief.

A communication from the Council in reference to a petition from merchants about the display of goods on the sidewalk was laid over one week.

A petition from L. Mesmer stated that a Mr. Waldeck some time ago had his license for a saloon transferred to the United States Hotel. The license was afterward revoked and the petitioner was thereby compelled to refund the money paid him for rent. He asked that the board give him satisfaction.

The usual demands were approved.

Officer Willard Foye was, on his own

Your Summer Vacation

WHERE WILL YOU SPEND IT? WHY NOT GO TO THE HOTEL DEL CORONADO?

You escape the heat and can enjoy life: fishing, driving, surf bathing, or bathing in the hot and cold salt water swimming tanks, the finest on the coast.

BUSINESS.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE TIMES.

Los Angeles, May 31.—The Earl Wynt Company sold in Chicago today, through the Montgomery Auction Company, as follows: Cherries, \$1.75; fancy navels, 75¢; \$3.75-\$4.00; Meditteranean sweets, \$3.25; seedlings, \$2.50-\$3.00.

New York Stocks.

NEW YORK, May 31.—The stock market was weak in spots today, but generally speaking, a firm and characterized trading. The market, however, the net gains for the day were quite important. The improvement was due in no small measure to the sharp recovery in General Electric. Grangers, though freely hammered, held up well, and Standard Oil and Bunker held their late-day points higher than on Monday. The gold shipments today and the engagements for tomorrow were much heavier than generally expected, and were used as a handle by the bears with which to depress the market, but except a few of the more serious stocks, they were unable to force further liquidations. The market closed steady.

Government bonds closed firm.

NEW YORK, May 31.—MONEY.—On call, easy at 2@ per cent; closed offered at 3 per cent.

PRIME MERCANTILE PAPER—6@8 per cent.

STERLING EXCHANGE.—Somewhat easier; bankers' 60-day bills, 4.5@4.8@; 60-day bills, 4.8@4.8@.

London, May 31.—Stocks closed quiet. The fact that it was Derby day caused a thin attendance. Another small failure was announced. British railway securities are steady. Americans, dull. Foreign securities are quiet. South African, lower.

PASADENA.

School Election the Next Topic of Debate.

A Contest Usually Allowed to Go by Default—Some Local Interests Left Over from May 30—Other Notes.

One of the unaccountable things in American politics is the indifference shown at school elections. The expenditure of the immense sum annually collected for school purposes (from 50 to 70 per cent of the entire taxes paid) lies in the hands of a few trustees, and yet the men who give time, effort and money to determine whom shall collect the funds, give scarcely a passing glance to the choice of the men who shall disburse them. The reason, fortunate in itself, is probably that there is no politics in it.

On Friday of this week, June 2, will occur the election of one trustee. The election will be held in the Wilson School building, between the hours of 8 a.m. and sundown. J. A. Buchanan and L. C. Winston will be judge and inspector.

Calvin Hart will be prevailed upon some day since to allow the use of his name for the position to be filled, that of trustee.

The petition asking him to accept the place was signed by many of Pasadena's prominent men, and in this he will be seconded, I am sure, of the matter, that Mr. Hart's well-candidacy gives general satisfaction.

It will look better on the record if a good vote is cast on Friday; one to indicate that Pasadenaans are awake to all the issues of the day.

DECORATION-DAY AFTERMATH.

Owing to the lateness of the time the Santa Fe were three hours late on the afternoon of Tuesday.

It happened that the Knights of Pythias and their friends did not get back from San Diego until very early yesterday morning. This was the only unpleasant feature of the trip. The excursionists cordially approved of the thoroughly satisfactory manner in which they were treated by the people.

The Knights will have special reason to remember this occasion on two accounts: one was that, in the competitive drill, Pasadena's encampment, which had won the first prize, was beaten by Riverside, which outnumbered other companies, and the other was that, among all the bands present, Pasadena's aggregation ranked first. Both conditions were highly gratifying to local pride, and, taken together with the other enjoyable features of the day, make it one long to be looked back upon with satisfaction.

Sixty-five tickets for the trip were sold in Pasadena. The entire company returned Tuesday night except about half a dozen.

A jolly party of about thirty young people, representing the A.O.M.H., drove up to Verdugo Cañon Tuesday and spent a pleasant afternoon in an informal picnic.

Some of the young thought it was time to return early from the Los Angeles games Tuesday evening rather got worried by the Santa Fe train service. They inclined to consider two hours too much time to be occupied in coming up from Los Angeles.

A prop of rubber, which had been placed in their window, a notable collection of bills issued under authority of the Confederate States during war times.

PASADENA BREVITIES.

Mrs. R. B. Conover is visiting her daughter in San Jose.

G. W. Withers joined the White City tourists yesterday.

Mrs. E. Burnham at the Methodist Church this evening.

Mrs. E. Burnham has moved to her Eldorado street property.

M. D. Erskine, wife and family, who have spent the winter here with their son, left for their home in Racine, Wis., last night.

J. F. Steen and wife will occupy Mrs. Holmes's house on Orange Grove avenue during the summer.

Dr. Frasse has shipped his office fixtures and will today follow them to San Jose, which city he will make his future home.

Vernon Waldron, formerly of this place, now traveling from San Francisco, was in town yesterday, shaking hands with many old-time friends.

The men, Jordas and Buchard, jailed for trial for the murder of a house by putting up \$4 each, called bail. This probably avoids necessity of arraignment.

The regular meeting of Pasadena Lodge No. 324, L.O.O.F., occurs tonight. There are two candidates for the initiatory degree, in addition to which will occur the election of officers.

There will be a regular meeting of the W.C.T.U. this (Thursday) afternoon at 2 o'clock at the Baptist Church. A full report of the State convention will be given by delegates. All friends will be welcome.

Stanford students, who are now at home in Pasadena for the summer vacation, are: Wm. C. Gallopin, Alfred Webb, Dora Moody, Kate Nash, Carl Durrell, Charles and Paul Fife, Carl Thomas, Charles Hill and H. A. Wood.

There is fair reason to believe that the lacking parts of the hoisting machinery for the cable car line, which will be shipped from Los Angeles today. Until this machinery is in place it is useless to guess when the road will be in operation.

Pasadena's contestants for the Examiner's World's Fair trip did credit to their training, even though they missed the prize. One of the \$700 in the marking-up class, Bennett stood 594; Arthur Gould, 577, and James Gaylord, 644. The ticket went to Downey.

Mr. and Mrs. Daggert and family and Mr. and Mrs. Axley, who have spent the winter in the Suezrotto hotel on South Los Robles, have just started East. The room-mate of Miss Harriet at the Stanford University, accompanied the family on their return and will spend the summer with them.

M. D. Davis, secretary of the J. W. Butler Paper Company of Chicago, who came here a few days ago, has sold property of the property purchased on Villa street, has been adding to his holdings. He has also bought a handsome property lying between P. M. Green's home place and that of Rev. A. M. Merwin; also two lots on Galena avenue. The former purchase will be improved at once.

RIVERSIDE COUNTY.

Memorial Day Celebration—Hotly Contested—The White City Game.

Although the excursions to San Diego, Santa Monica, and to the East, took from this city a great many people on Memorial day, there were enough left to make a good showing and appropriately celebrate the day. At 10 o'clock the procession formed and proceeded, by the route laid down in the programme, to Evergreen cemetery, the Ontario band leading, followed by Co. C, N.G.C., Riverside Post, G.A.R. Riverside Post, W.B.F., in carriages, and citizens in canoes. The exercises at the cemetery were conducted by Capt. A. H. the members decorating the graves with the flowers which the W.R.C. had prepared.

LOCKWOOD'S ASTHMA REMEDY, prompt relief in all cases. All druggists 5c a bottle.

lowed by prayer by Chaplain Yeakle and a song by the Simmons Quartette. Comrade J. J. Gould, of the L.A. Angels, was the director of the day, who made a most touching address. He had prepared a speech in manuscript, but did not follow it, preferring to talk more directly to the boys." The address was well received, and was most appropriate.

BANKERS AND BOARDERS AT THE BAY.

For the first full day the bankers, business men, the bankers and boarders beat the heat busters. All thought of the serious nature of Memorial day certainly escaped the minds of those assembled at Athletic Park on Tuesday afternoon, and sat serenely (at times) in the sun from 2 to 5:30 p.m. to witness the battle at the bat between the two teams.

There was a game of baseball (the term) between bank clerks and the boarders at Givens' Hall (and others). It was great sport for a time, but there were not enough long-winded enthusiasts in the audience to keep the game going. The boarders beat out the middle innings, and it took at least two experts to keep the tally of the runs, and about a half a dozen to record the complete score of the game. From the middle the quill or lance twirled the pinwheel and made too much of a change of scene and action for the boys, and the next day they possessed "that tired feeling" in a most marked degree. Some felt at the time that they would be among the first to leave his position in the shade upon a camp chair under an umbrella. Yesterday the bank records, insurance policies and real estate contracts of the city received rather more clumsy figures than usual, the type written being a little too large. The hand did not quite care for the paper, and a few extra pills per dose were prescribed.

The grand stand was full at the beginning of the game, but the score finally got so high that it could scarcely be seen over, and the few saw it had been won, making a total of 30 to 44, in favor of the bankers. The players and positions were as follows:

Bank clerks—Hays, first base; Daniels, pitcher; Millie, catcher; Castlemann, short; shortstop; center field; Abbott, second base; Shaw, third base; Strange, shortstop; S. Petton, center field; Berkeley, right field.

MANY SHOTS FIRED.

A hotly contested battle was fought at the range of the gun club on First street on Memorial day, lasting all day. There were many entries for the five distinct shoots which took place—one at live birds and four at clay pigeons.

The first was a clay-pigeon shoot, in which there were eleven contestants, each having a chance at ten birds. A. W. Bruner brought down nine, taking first money, and Smith and Taber eight each, dividing for second place. The second was a live bird shoot, and L. C. Goodhue won first with nine downed, second with eight each. The third event was won by Bruner, bringing down nine clay birds in ten, and eight were dropped by Alquert, Ellis, Smith and Taber. The fourth was a clay bird shoot, and the shot at clay birds was something of a surprise, as James Goodhue brought down all ten of his birds. Frantz and Packard got eight each, dividing second place. In which the clay pigeons were won, L. C. Goodhue won first with nine downed, second with six birds for each contestant. A. W. Bruner was arrested upon notification, and is now safely lodged in the San Bernardino County Jail, and will doubtless be tried for breaking jail.

SAN BERNARDINO BREVITIES.

Bluff Lake resort is to be opened for the season on June 1.

County Surveyor Mandé is engaged in mapping some county maps for Riverside County.

Mrs. T. Hadden and daughter have joined Mr. Hadden, who has gone into business in this city.

F. W. Richardson has made his report as License Collector for the month of May and turned into the county \$390.

A train of 120 cars, from Vernon, arrived yesterday, being sent to oranges and lemons by the Romo brothers of Los Angeles. Water is piped to the trees from artesian wells.

After having the master thoroughly examined before the Supervisor Victor will now proceed to secure the removal of the slaughter-house of J. S. Purdy, now located southwest of the city.

County License Collector Richardson is in from a visitor to Vassar, and reports the camp having a population of about 400.

The summer is an all time success, and eager gold hunters can command.

James Mills of Riverside, deputy county clerk under C. D. Hamilton, has resigned his position, to take effect June 1, in order to accept a similar position under A. J. Codd, County Clerk of Riverside County.

James Mills, 31, has made many friends among those who have met him in a business way, and they will regret his departure.

On Saturday another car of fruit will be forwarded for the county exhibit at the World's Fair, and this county has not yet entered in making any display, so that all fruits must be gathered together.

At 12:30 all organizations in attendance upon the memorial services at the D. S. Hall and Colton had welcomed the visiting Knights of Southern California, the San Diego Knights acting as special committee of reception, aided by the Mayor and members of the City Council. The Knights, dressed in their uniforms in the usual manner, comprised eighteen cars all filled, the party being accompanied by a large number of ladies. The latter proceeded directly to Beachwood, where they were joined at the close of the day by their escorts, the Knights of the Order of the Arrow, who participated in various bands and by divisions of Knights from Colton, Riverside, Los Angeles, Santa Ana, Pasadena and subordinate lodges. Arizona Charlie's cowboys joined with and effected landing the party, the procession being led by the wild west costumes. From a Horton House Mayor Carlson welcomed the visiting Knights and their friends in behalf of the city, followed by Grand Vice-Chancellor Goodwin, who welcomed them in behalf of the local Knights. The reception of the visiting Knights was by A. R. Marshall of Los Angeles, and was a brief but happy acknowledgement.

Launched in the great Hotel del Coronado, San Diego, was an enjoyable event for the camp meeting, a grand picnic, a patch and an elegance that at once won favor with every guest that fled infatuated a place among the hungry hundreds.

The table decorations were similes and roses.
